

## WORKS NOTIFICATION

# GAS SERVICE RELOCATION NIGHT WORKS, TOORAK ROAD WEST 8 MARCH - 14 MARCH 2017

Works in preparation for major construction of the Metro Tunnel are continuing in the Domain precinct with the gas service relocation on Toorak Road West well underway.

From 8 to the 14 of March 2017, night works will be required to install gas pipes beneath Toorak Road West, near Adams and Domain streets.

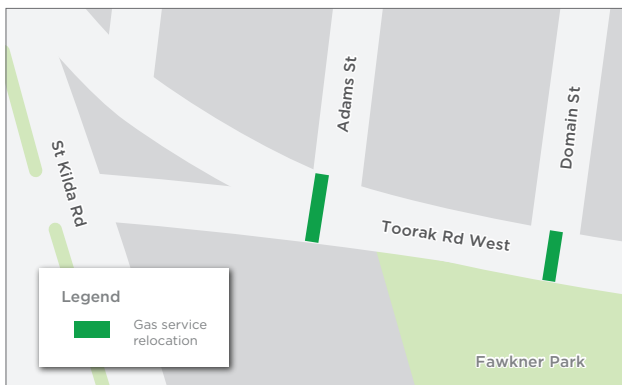

This work needs to be completed at night to ensure our workers can safely undertake the work while minimising disruption to the road network.

### What we are doing

- Open cut trenching across the road, in sections to excavate down to the required depth, installing the new service, backfilling and reinstating the area.

### What to be aware of

- These works (known as 'preparatory works') have been granted the relevant planning approvals to proceed
- There is no planned disruption to essential services
- Impacts from noise, dust and vibration will be managed in accordance with the Metro Tunnel's Environmental Performance Requirements (EPRs)

- There will be staged lane closures during works
- Work areas will be reinstated at the conclusion of works.

### When

- 8 - 14 March 2017
- 6pm - 7am
- We will notify residents and businesses if there are any significant changes to the program.

Additional night works will also be required over the Easter period near the Park Street intersection and tram tracks to install sections of new gas pipe and to cut over the new service into the existing network. Further information will be provided in advance of these works.
