

WORKS NOTIFICATION

TOORAK ROAD WEST GAS & SEWER WORKS UPDATE, DOMAIN APRIL - LATE MAY 2017

Works in preparation for the relocation of the Route 8 tram to Toorak Road West are continuing with the gas service relocation works nearing completion and sewer relocation works well underway.

The Managing Contractor, John Holland, would like to thank the community for its patience while these works continue to be carried out.

What we are doing

Remaining gas relocations works

- Closure of the tram tracks at the intersection of Toorak Road West and Park Street from 1am, Saturday 15 April to 5.30am, Monday 17 April
- Connecting the new gas service to the existing gas service using open cut trenching, which involves saw cutting the road, excavating down to the required depth, removing excavated materials and installing new pipes and valves
- There will be changes to services on the route 8 tram line during this period. For more information visit ptv.vic.gov.au.

Remaining sewer relocations works

- Using a surface-launched drilling rig to bore beneath the road and install the new sewer
- Continued temporary access changes to a number of local streets while this work is completed

- These temporary local street access changes are unavoidable due to the location of the new sewer manholes in Toorak Road West.

What to be aware of

- These works (known as 'preparatory works') have been granted the relevant planning approvals to proceed
- Traffic management measures will manage the safety of work crews, pedestrians and cyclists
- Lane closures and temporary occupation of kerbside car parking within the direct vicinity of works
- There will be periods of medium to high levels of noise associated with the works. These will be managed in accordance with the Metro Tunnel's Environmental Performance Requirements (EPRs) to ensure community disruption is minimised.

When

Gas relocation (day and night works)

- 6.30am, Saturday 15 April until 5.30am, Monday 17 April
- The majority of works are planned to be carried out during daylight hours to minimise impacts on the community.

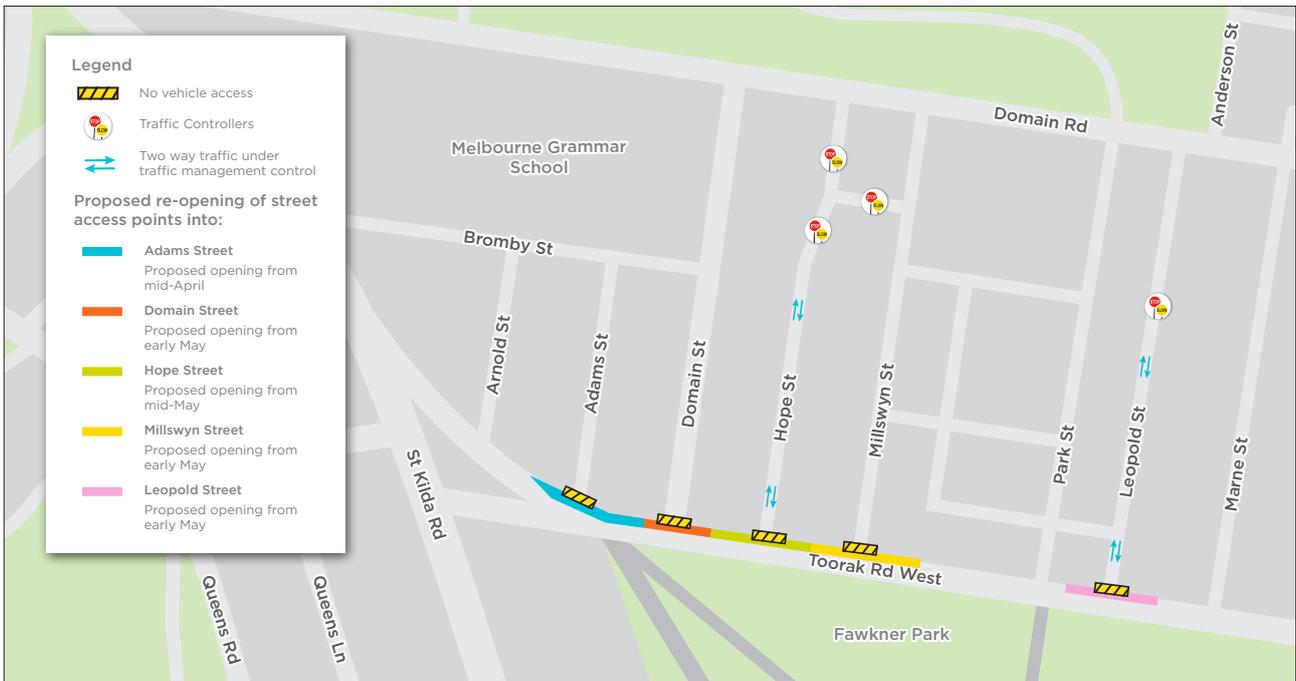

Sewer relocation (day works)

- 7am - 6pm, Monday to Friday
- 7am - 1pm, Saturdays.

Sewer works - updated street access for vehicles

The timings for the closure and re-opening of local streets has now been revised. During periods where no works are taking place in the street openings, we will endeavour to keep them open.

Proposed street re-openings

- Adams Street from mid-April
- Domain Street from early May
- Hope Street from mid-May
- Millswyn Street from early May
- Leopold Street from early May
