Welcome to the new Melbourne Grammar School website

Launched in October 2015, the new School website was designed to be easy-to-use, quick to navigate and to help the School community and prospective families find all the information they need about Melbourne Grammar School.

LOGIN TO THE WEBSITE

To ensure the privacy of current parents and students, the Bulletin and some School events are now password protected on the new website. To access this content, you will need to be logged in.

To login:
2. Click the Login button at the top right of the screen.
3. Enter your Melbourne Grammar School username and password (the same details you use to access the Portal).
4. Click Login.
ACCESS THE BULLETIN

Access to the Bulletin on the new website is password protected. Once you have logged in, you will be able to read the latest news from each campus.

To access the Bulletin:

1. Click the Read Bulletin quick-link in the middle section of the homepage.

2. Use the large campus buttons to select the relevant campus.

3. Navigate using the section titles at the top the Bulletin, or click Find out more to read individual stories.

4. On an individual story, click Next or Previous to navigate through the Bulletin, or click Back to section to return to the menu.

5. Use the campus buttons at the top of the contents page to navigate between campuses.
ACCESS THE PORTAL

To access the Portal:

1. Click the Access the Portal quick-link in the middle section of the homepage.
2. Enter your Melbourne Grammar School username and password.

BOOK FOR AN EVENT

While the Events section of the website can be accessed by any user, some private events — such as student excursions — will only be visible to users who have logged in. Once you have logged in, you will be able to access all relevant events.

To book tickets for an event:

1. Click the Book an Event quick-link in the middle section of the homepage.
2. Browse the list of events or use the filters to sort by date or event type.
3. Once you have found the relevant event, click Read more for more information or click Book now to process your booking.
4. You can also click Add to calendar to place an appointment for the event in your iPhone, iCalendar, Google or Outlook calendars.
